

# DR. SUNIL - EXPERIENCE AND RELIABILITY

**Dr. Sunil is one of the most experienced doctors in Somatheeram. Even though he joined the Somatheeram family in 2014 only, he played a crucial role right from the start. His experience does not only lean on the amount of years that he has been working in medicine, but primarily on the diversity of his working fields.**

Dr. T. Sunil showed interest in sciences and Ayurvedic medicine at a young age already, he did not want to tie himself down to one subject though. That is why apart from his degree in Ayurvedic Medicine and Surgery, he also obtained a degree in Zoology.

Lucky for us that he eventually decided in favour of Ayurveda, intensifying his skills as a Medical Officer for the government of Kerala in the beginning. After eight years of working for the government he changed to the private sector.

Until 2014, Dr. Sunil worked in different Ayurveda Resorts in India and abroad. He developed a certain sense in dealing with international guests and specialized in western clinical pictures. When he joined Somatheeram in 2014 as Senior Medical Officer, this experience came in quite handy and proved to us that Dr. Sunil is a real asset to the team.

We are glad that our cooperation has lasted several years already and we look forward to many more successful years together.
